ABOUT US

A.Abunayyan Electric Corporation is a leading electrical distributor with a nationwide distribution network in Saudi Arabia. Through the Kingdom-wide branch offices, AEC provides complete solutions to customer needs in industrial and residential electrical distribution, power controls, wiring devices, lighting and telecommunication & networking. A dedicated team of technical engineers provide clients with expert advice and sound application solutions.

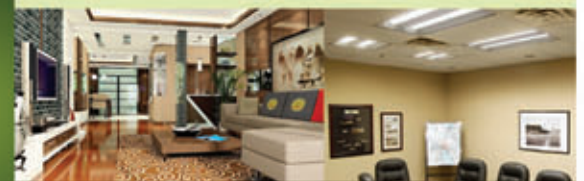

Apart from being the biggest stockist for a large range of Schneider products (Merlin Gerin / Telemecanique / Square D), we are the sole agents for many international brands in the Kingdom such as: Rittal, APC, Adco, Celleg, Emerson, Phoenix Contact, Socomec, Hager, Scame, Multipast, Nisard, CH Lightings and AEC own brand Aman. Our stock list includes Power and Distribution Products, Industrial Automation Products, Networking and Electrical Cabinets (Enclosures), Premise Wiring, Cable Joints and Terminations, Control Devices, Motor Control Systems, Terminal Blocks, Changeover Switches, Timers and Controllers, Wiring Devices, Electrical Fittings, Bus way (Busbar Trunking) Systems, Industrial Tools and Lamps & Luminaires.

Construction companies, contractors and consultants rely on AEC's expert advice, day in, day out, to provide the best services anywhere through out the Kingdom. Over 7000 line items are stocked at AEC distribution centers all over the Kingdom to ensure a prompt supply & service. To capitalize on the telecommunication revolution in voice, data, internet and e-commerce, AEC provides a specialized array of products to cater for IT & Networking companies, seamlessly integrating state-of-the-art hardware in any installation and in any environment, from a remote GSM station in the middle of the desert to modern building offices in the heart of the city.

Our association with strategic business partners, arguably the best in the business, is aimed at reinforcing our commitment to serve our clients in the most efficient and cost effective way whilst maintaining top quality products and services. In the age of globalization only the best will survive, as at AEC have been engaged actively gearing ourselves to embrace globalization and emerge as the leading distribution entity in the Kingdom.

We thank you for trusting us and look forward to serve you with the level of response and commitment you would expect from a world-class supplier.

RESIDENTIAL Business Line

Aman lighting & lamps are exclusively made for A.Abunayyan Electric Corp. AEC provides a complete range of lighting and lamps with highest quality and price value.

The new Hager brand stands for the complete range of products and services, as well as the ease of installation and ease of use.

Hyundai MCB & MCCB series are the perfect solution to protect electric overhead, short circuit and earth leakage in the household and commercial installations.

Reliability and safety are today the essential features of a new product, however, if design is not in line with trends, architects, consultants and end-users cannot be delighted.

The global specialist in energy management, with solutions for power, control, automation and industrial processes.

OFFER

- MCBs, MCCBs
- Lighting (Lamps & Fixtures)
- Wiring devices
- PVC conduits
- Load Centers

Gerard's
NATURAL BEAUTY
PRODUCTS
FOR THE YOUNG SKIN

Why?
Established in the 1980s, Gerard's message is clear to every woman: the most natural cosmetics product directly from nature. From the beginning of high quality, natural flowers and plant extracts, used in developing the most Gerard's line of beauty products.

Gerard's line has made up, face, body, sun, hair and professional products.

All products are developed by Gerard's laboratories.

All Gerard's products carry expiration dates and are hypoallergenic as well as dermatologist tested.

Growing its own flowers and plants, Gerard's is located in the Italian Alps region, just north of Milan, near the Tignes region.

Our naturalness turns into effectiveness, effectiveness turns into quality

About us
Established in the 1980s, Gerard's message is clear to every woman: the most natural cosmetics product directly from nature. From the beginning of high quality, natural flowers and plant extracts, used in developing the most Gerard's line of beauty products.

Our Mission
The stress caused by our daily life doesn't leave enough time to take care of ourselves and our body.

Gerard's mission is to help rediscovering the ideal conditions for a real psychophysical harmony by giving a key role to the person on well-being.

Thanks to the combination of the most advanced technology and the nature resources, Gerard's products and treatments allow to purify, regenerate and smooth body and face tissues, reducing imperfections and signs of aging.
